## JUAREZ VENDOR HAS HOT CHASE FOR HIS MONEY

Leaves Coin With Friend Who Disappears—Students Join Pursuit.

There was a regulation moving picture chase in Juarez Thursday afternoon. There was no French nurse and perambulator, bloomed workmen and wheel barrows. But policemen, a frantic woman, and a whole school of children joined in the pursuit.

It appeared that a strawberry merchant, with a friend, went to the post-office to dispatch some money to the source of his berry supply. Leaving the money with his supposed friend, the strawberry vendor returned home to find the address of the wholesaler.

The next scene was at the police station. The strawberry seller and his sister pleaded for assistance in finding the missing money—and the missing friend. A policeman was dispatched with them.

Scene three occurred in front of the official school for boys. The missing friend with a companion was found. The woman grasped the sleeve of the companion, but the friend ran wildly down the street. Just then the school doors opened and scores of little boys poured into the street.

"Parase, parase," cried the woman. Seeing the fleeing man the school boys started in hot pursuit. The policeman followed, and bringing up the rear was the strawberry vendor.

At last the friend was run down by the boys, and soon the policeman arrived to make the official arrest. But the woman held fast to her prisoner and dragged him to the police station.

In the city police court this morning, Pedro Lomas was arraigned on the charge of breach of trust. He will be tried when a strawberry merchant and his sister recover from the excitement.

## Millions of Lives Lost An Awful Toll Collected by Consumption. Many Unnecessary Deaths from This Disease.

If people could only understand that systemic catarrh is an internal disease that external applications cannot cure, they would not need to be warned so often about this malady, which, when neglected, paves the way oftentimes for consumption, at the cost of millions of lives every year. Yet catarrh may be cured, if the right treatment is employed.

Catarrh is caused by a general diseased state of the system, which leads commonly to annoying and perhaps serious local conditions, which may prove a fertile breeding ground for germs of consumption. External remedies give but temporary ease.

The only way to successfully treat catarrh is by employing a medicine which is absorbed and carried by the blood to all parts of the system, so that the mucous membrane or internal lining of the body is toned up and made capable of resisting the infection of consumption and other diseases.

We have a remedy prepared from the prescription of a physician who has for twenty years studied and made catarrh a specialty, and whose record was a patient restored to health in every case where his treatment was followed as prescribed. That remedy is Rexall Mucuo-Tone. We are so positive that it will completely overcome catarrh in all its various forms, whether acute or chronic, that we promise to return every penny paid us for the medicine in every case where it fails or for any reason does not satisfy the user.

We want you to try Rexall Mucuo-Tone on our recommendation and guarantee. We are right here where you live, and you do not contract any obligation or risk when you try Rexall Mucuo-Tone on our guarantee. We have Rexall Mucuo-Tone in 50-cent and \$1.00 bottles. Very often the taking of one 50-cent bottle is sufficient to make a marked impression upon the case. Of course in chronic cases a longer treatment is necessary. The average case in such instances is three \$1.00 bottles. Remember you can obtain Rexall Remedies in El Paso only at our store—The Rexall store. The People's Drug Store, Kelly & Pollard.
